(2) Transmission (reception) of a television signal via microwave (see Note 3):

First 10 minutes: 1,750

Each additional minute: 112 per minute

(3) Local Patching Service (see Note 4):

Per hour charge: 700 per hour per destination patching

Notes:

1. The usage charge shown in this column is for a double-hop booking with no termination in Hong Kong.
2. The usage charge shown in this column is for a double-hop booking with termination in Hong Kong.
3. The transmission (reception) of a television signal via microwave is available between Hong Kong and Macau.
4. Local patching service supports patching of the baseband television signal from one origin port to one or multiple destination port(s) of the Company's Video

Switch. Charges are on per destination port per unit hour basis (partial hour usage will be charged as one full hour usage). The minimum charge in relation to each patch is one hour.

5. HD encoding/decoding is included.
6. The Company's Video Switch is located at 6/F, Telecom House, 3 Gloucester Road, Wanchai, Hong Kong, which shall be the termination point for the Service (i.e. the service demarcation point where the Company takes the source television signal from the customer or delivers the received television signal to the customer).
7. The above offers do not include any communication circuits that are required to deliver the television signal between the Company's Video Switch and the customer sites.
8. The prices listed do not cover any satellite capacity, which can be optionally provided by the Company on case-by-case basis.
9. All prices specified are in HKD.
10. Tax is not included.
11. The Service offers shall be subject to feasibility study and capacity availability at time of order.
12. The Service is subject to applicable terms and conditions as set out in the service agreement(s) as agreed between the Company and the customer. (and as amended from time to time), including the [Specific Terms and Conditions](#) of the Service .
