Remarks:

- (1) Each Service under relevant Service Plan(s) is subject to applicable terms and conditions (as amended from time to time) set out in any Service Plan(s), Application and Service Literature, applicable Special Conditions under the relevant Service (if applicable) and the prevailing General Conditions of Service of HKT.
- (2) Provisions of the Services and are subject to network resources and availability. Further, HKT can only provide the Service(s) to those locations where its network is currently installed and such Service(s) are being and can in the future be provided. Whether a Service is available at a customer's address will depend on the infrastructure in place to his/her residence, the technology HKT is currently using within and to the building of the customer's address (which HKT may change from time to time), marketing initiatives and other factors as determined by HKT from time to time.
- (3) Unless otherwise stated, the line rental for a Service is charged based on the leasing of a line/channel enabling one simultaneous call.
- (4) Business Select is a service constituting a business telephone line bundled with certain designated VAS feature(s).
- (5) Hunting Line Service enable an incoming call to be diverted to designated telephone number(s) subscribed by the same customer when the line is engaged.
- (6) DDI Line Service accommodates incoming call made to designated block(s) of DDI numbers (each block contains 100 numbers) assigned to a commercial customer via such number of channels as specified by HKT.
- (7) HKT reserves the right not to provide any Service(s) to those customers who have previously found our service to be unacceptable despite it being provided in accordance with our tariff terms and conditions and at our normal service levels.
